Sedus

This product has been certified according to the GREENGUARD Indoor Air Quality (IAQ) Certification Program for Low Emitting Products

Reference Standard: GGPS.001 GREENGUARD IAQ Standard for Building Materials, Finishes, and Furnishings

Product Type: Furniture Components/Materials, Seating, and Free Standing Furniture and Furnishing Units

Criteria	Allowable Limits
TVOC ¹	≤ 0.25 mg/m ³
Formaldehyde	≤ 0.025 ppm
Total Aldehydes ²	≤ 0.05 ppm
Individual VOCs ³	≤ 0.1 TLV
4-phenylcyclohexene	≤ 0.0033 mg/m ³

Listing of measured carcinogens and reproductive toxins as identified by California Proposition 65, the U.S. National Toxicology Program (NTP), and the International Agency on Research on Cancer (IARC) must be provided.

Any pollutant regulated as a primary or secondary outdoor air pollutant must meet a concentration that will not generate an air concentration greater than that promulgated by the National Ambient Air Quality Standard (U.S. EPA, code of Federal Regulations, Title 40, Part 50).

See referenced standard for a complete technical explanation.

¹ Defined to be the total response of measured VOCs falling within the C₆-C₁₆ range, with responses calibrated to a toluene surrogate.

² Defined to be the total response of a target list of aldehydes (2-butenal; acetaldehyde; benzaldehyde; 2, 5-dimethylbenzaldehyde, 2-methylbenzaldehyde; 3-and/or 4-methylbenzaldehyde; butanal; 3-methylbutanal; formaldehyde; hexanal; pentanal; propanal), with each individually calibrated to a compound specific standard.

³ Any pollutant not listed must produce an air concentration level no greater than 1/10 the Threshold Limit Value (TLV) industrial work place standard (Reference: American Conference of Government Industrial Hygienists, 6500 Glenway, Building D-7, Cincinnati, Ohio 45211-4438).

Complies with ANSI/BIFMA X7.1-2007, ANSI/BIFMA M7.1-2007, and BIFMA e3-2008 Credit 7.6.1 for Furniture.

GREENGUARD Certification affirms that products meet the criteria of the referenced standard and the requirements of the specific certification program. Certification testing is conducted according to a consistent, defined protocol. The testing does not evaluate emissions under usage conditions other than those defined in the protocol and does not address potential environmental impact other than chemical and particle emissions.

The GREENGUARD Environmental Institute (GEI) is an industry independent, third-party certification organization that qualifies products for low chemical emissions. GREENGUARD Certification programs use defined product standards, test methodologies, product sample collection and handling procedures, program application processes and on-going verification procedures. GREENGUARD standards, methods, and procedures are available at www.GREENGUARD.org.

Onderwerp
Kantoorstoel

Geachte heer Buma,

Na controle kunnen wij u berichten dat de onderzochte stoel model "Black Dot" (zie bijlage) voldoet aan de maatvoering van een Nederlandse werkstoel volgens NPR 1813:2004 tabel A1, kolom 2, met uitzondering van:

- breedte tussen de armleggers (r):

Eis: min 360 – 510 mm verstelgebied

Gemeten: - 440 - 480 mm met de armleggers parallel en 180° draaien van de armpads;

- 356 mm met de armleggers in de smalste positie, volledig naar voren geschoven en 15° naar binnen gedraaid;

De maat 510 mm kan alleen gehaald worden door de inbusbouten aan de onderzijde los te draaien en de steunen te verstellen.

Wij vertrouwen erop u hiermee voldoende te hebben geïnformeerd.

Met vriendelijke groet,

E.M. Maan

Certificate

Test mark:

Certificate No. 60034935

Holder: SEDUS Stoll AG
Brückenstr. 15
79761 Waldshut-Tiengen

Certified product: SEDUS office chairs:
model: **black dot** (processed materials see enclosure)

Test specification: TOXPROOF criteria catalogue for furniture
(TOXPROOF Kriterienkatalog für Möbel, Stand 05/2008)
(2 PFG S 0045)

TÜV-Test report No.: AZ 73710 dated 29.09.2010 and AZ 40113 dated
30.04.2008, AZ 43920 dated 03.07.2008, AZ 44929 dated
30.07.2008 and AZ 45613 dated 07.08.2008

The above sample was successfully tested for parameters and limit values as required in the TOXPROOF criteria catalogue for furniture (TOXPROOF Kriterienkatalog für Möbel, Stand 05/2008).

The holder of this certificate is obliged through the declaration of conformity to DIN EN ISO/IEC 17050-01 to use this certificate and the above depicted TOXPROOF test mark only in conjunction with products that comply with the samples initially tested and the above mentioned criteria catalogue.

This certificate is valid until 31.12.2015.
